Judge: Hon. Tena Campbell
Judge: Hon. Jared C. Bennett

Highly Confidential - Outside Counsel Eyes Only

Pursuant to Rules 26 and 33 of the Federal Rules of Civil Procedure Defendant Eunsung Global Corp. (“Eunsung” or “Defendant”) hereby responds to Plaintiff HydraFacial LLC f/k/a Edge Systems, LLC (“HydraFacial” or “Plaintiff”) First Set of Interrogatories (Nos. 1-9).

GENERAL STATEMENTS AND OBJECTIONS

The following objections are hereby incorporated into each and every response to HydraFacial’s First Set of Interrogatories. The information set forth below is true and correct to the best of Eunsung’s knowledge as of the date of the objection and/or response, and is subject to correction for inadvertent errors, mistakes, or omissions, if any should be found to exist. These objections and/or responses are based upon records and information presently available to Eunsung, and Eunsung’s investigation of facts and discovery of information and documents relating to the claims and defenses at issue in this case is ongoing. Eunsung reserves the right to supplement these objections and/or responses with—and to introduce at trial or in any pretrial motion in this case—any and all evidence hereafter discovered by the parties in this action, including evidence from any third party.

Nothing in these responses and objections shall be deemed an admission by Eunsung regarding the propriety of this lawsuit, or the existence of any information, the relevance, authenticity, materiality or admissibility of any information, for any purpose, or the truth or accuracy of any statement or characterization contained in any Interrogatory. Where Eunsung responds by identifying documents or individuals with knowledge concerning a particular subject matter identified in an Interrogatory, such response shall not be construed as an admission concerning the accuracy of HydraFacial’s characterization of the subject matter. Eunsung expressly reserves the right to object to the use of these responses, the subject matter contained

Highly Confidential - Outside Counsel Eyes Only

herein, or the documents produced in connection herewith during any subsequent proceeding, including during trial of this or any other action.

Eunsung makes the following General Objections to the Interrogatories as a whole and to each and every separate interrogatory, whether or not separately set forth in each response to each interrogatory.

1. Eunsung objects to each and every Interrogatory to the extent it is duplicative, cumulative, compound, or contains multiple subparts in violation of Fed. R. Civ. P. 33. Such Interrogatories constitute separate requests that count toward the limit on Interrogatories that Hydrafacial is permitted to propound. Eunsung objects the Interrogatories to the extent they exceed the permissible number, including all parts and subparts.

2. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it seeks information or documents protected by any applicable privilege, including but not limited to the attorney-client privilege, the work-product doctrine or immunity, common interest privilege, and any other applicable privilege, immunity, or exemption from discovery as outlined in the Federal Rules of Civil Procedure, Local Rules, orders of the Court, and applicable law. For the sake of clarity, Eunsung hereby asserts such privileges and/or exemptions. Any inadvertent disclosure or production of information and/or documents shall not be deemed a waiver of any applicable privilege, immunity, or protection.

3. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it seeks information or documents not relevant to the claims or defenses of any party, not proportional to the needs of the case, considering the importance of the issues at stake in the action, the amount in controversy, the parties' relative access to relevant information, the parties'

resources, the importance of the discovery in resolving the issues, and whether the burden or expense of the proposed discovery outweighs its likely benefit.

4. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it seeks information or documents not reasonably calculated to lead to the discovery of admissible evidence or otherwise not within the scope of relevant discovery.

5. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it seeks information that Eunsung is under an obligation to third parties not to disclose, or information otherwise subject to confidentiality restrictions of a third party. Eunsung will not disclose or produce such information except in conformity with Eunsung's obligations to such third parties, and consistent with the Protective Order entered in this action.

6. Eunsung objects to each and every Interrogatory to the extent that it requests information that is a matter of public record, the burden for obtaining which is substantially the same for Eunsung as it is for Hydrafacial, that is otherwise equally available to Hydrafacial and/or equally obtainable from more convenient sources, or that purports to impose upon Eunsung a burden or obligation beyond the duties imposed by the Federal Rules of Civil Procedure or other applicable rules or law governing this action.

7. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it is overly broad, unduly burdensome, oppressive, harassing, incomprehensible, or constitutes an abuse of process, particularly when the cost necessary to investigate or respond is high compared to Hydrafacial's need for the information.

8. Eunsung objects to each and every Interrogatory to the extent that it is cumulative and duplicative of other forms of discovery that are more convenient and less burdensome. Service of duplicative requests squanders the parties' time and resources and creates an undue burden on

Highly Confidential - Outside Counsel Eyes Only

Eunsung in preparing responses. Eunsung further objects to each Interrogatory to the extent that it seeks to require Eunsung to do more than conduct an examination of those files or sources that reasonably may be expected to yield responsive information, or to inquire of those persons who may be reasonably expected to possess responsive information.

9. Consistent with Fed. R. Civ. P. 33(d), Eunsung objects to providing narrative responses to the Interrogatories where the information sought can be derived from documents and/or source code produced by Eunsung, and where the burden to derive such information from those documents is substantially the same for Hydrafacial as it is for Eunsung.

10. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it is inconsistent with or seeks to impose obligations beyond those imposed by the Federal Rules of Civil Procedure, Local Rules, Judge Campbell's Patent Rules, or orders of the Court.

11. Eunsung objects to each and every Interrogatory, Definition, and Instruction to the extent it is inconsistent with or seeks to impose obligations beyond those imposed by the Federal Rules of Civil Procedure, Local Rules, or orders of the Court.

12. Eunsung objects to each and every Interrogatory to the extent it uses terms that are not defined or understood. Eunsung will not speculate as to the meaning ascribed to such terms and will respond to the extent it understands such requests.

13. Eunsung objects to each and every Interrogatory to the extent it seeks legal opinions or conclusions, or presents questions of pure law. Any response by Eunsung shall not be construed as providing a legal conclusion regarding the meaning or application of any terms or phrases used in Hydrafacial's Interrogatories.

14. Eunsung objects to the definition of "Defendant," "Eunsung," "You," and "Your" as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it

Highly Confidential - Outside Counsel Eyes Only

purports to include entities or individuals other than Eunsung. Eunsung responds solely on behalf of solely, and does not respond on behalf of “any predecessor, predecessor-in-interest, successor, subsidiary, affiliate, and/or division,” or “any past or present principal, officer, director, employee, former employee, servant, agency, attorney, or other representative.”

15. Eunsung objects to the definition of “Accused Products” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to include any products not identified in the operative complaint in this case, and/or any current or future infringement contentions, including any amendments or supplements thereto.

16. Eunsung objects to the definition of “person,” “individual,” and “entity” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to impose a burden that is inconsistent with or beyond that imposed by the Federal Rules of Civil Procedure, the Court’s Local Rules, any applicable court order, and/or any stipulation or agreement between the parties.

17. Eunsung objects to the definition of “foreign” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to identify any “person, individual, or other entity” who simply “conducts business outside the United States” as a “foreign” individual or entity.

18. Eunsung objects to the definition of “document” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to impose a burden that is inconsistent with or beyond that imposed by the Federal Rules of Civil Procedure, the Court’s Local Rules, any applicable court order, and/or any stipulation or agreement between the parties.

Highly Confidential - Outside Counsel Eyes Only

19. Eunsung objects to the definition of “thing” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to impose a burden that is inconsistent with or beyond that imposed by the Federal Rules of Civil Procedure, the Court’s Local Rules, any applicable court order, and/or any stipulation or agreement between the parties.

20. Eunsung objects to the definition of “communication” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to impose a burden that is inconsistent with or beyond that imposed by the Federal Rules of Civil Procedure, the Court’s Local Rules, any applicable court order, and/or any stipulation or agreement between the parties. Eunsung additionally objects to the definition of “communication” to the extent it purports to impose an obligation to produce email or text message communications in the absence of an applicable ESI order or agreement between the parties.

21. Eunsung objects to the definition of “Infringement” to the extent it calls for a legal conclusion.

22. Eunsung objects to the definition of “Hydrodermabrasion Product” as overly broad, unduly burdensome, and not proportional to the needs of the case to the extent it purports to impose a burden that is inconsistent with or beyond that imposed by the Federal Rules of Civil Procedure, the Court’s Local Rules, any applicable court order, and/or any stipulation or agreement between the parties. Eunsung additionally objects to the definition of “Hydrodermabrasion Product” to the extent it calls for a legal conclusion.

Interrogatory as vague, ambiguous, and inherently arbitrary to the extent it seeks information regarding “evaluation,” “involved in,” and “participated in,” “used in,” “relating to.” Eunsung objects to this Interrogatory as overly broad, unduly burdensome, and seeking information not proportional to the needs of the case, to the extent it seeks the identification of persons “most knowledgeable,” which is not information known to be kept in the ordinary course of business. Eunsung objects to this Interrogatory as compound and comprising multiple subparts that seek information about discrete subjects, and therefore constitutes multiple Interrogatories. Eunsung objects to this Interrogatory to the extent it calls for a legal conclusion. Eunsung further object to this Interrogatory to the extent that it seeks information or documents protected by the attorney-client privilege, work product doctrine or immunity, joint defense privilege, common interest doctrine and/or similar privilege, including information or documents prepared in anticipation of litigation or for trial.

Subject to and without waiving the foregoing General and Specific Objections, Eunsung responds as follows:

Eunsung does not conduct any testing on non-Eunsung products.

Investigation and discovery are ongoing in this case. These responses are based upon information currently available to Eunsung and are made without prejudice to Eunsung’s right to use or rely on subsequently discovered information. Eunsung specifically reserves the right to supplement, amend, modify, and/or correct these responses during discovery.

INTERROGATORY NO. 8:

- (c) Clarion;

Highly Confidential - Outside Counsel Eyes Only

(d) MRP.

RESPONSE TO INTERROGATORY NO. 8:

Eunsung restates and incorporates its General Objections as if fully set forth herein. Eunsung objects to this Interrogatory to the extent it seeks information not kept in the ordinary course of Eunsung's business. Eunsung objects to this Interrogatory as seeking information that is not relevant to any claim or defense of any party, and is not reasonably calculated to lead to the discovery of admissible evidence. Eunsung objects to this Interrogatory as overly broad, unduly burdensome and not proportional to the needs of the Investigation to the extent that it seeks "relationship and any contracts." Eunsung objects to this Interrogatory as vague, ambiguous, and inherently arbitrary to the extent it seeks information regarding "relationship[s]." Eunsung objects to this Interrogatory as compound and comprising multiple subparts that seek information about discrete subjects, and therefore constitutes multiple Interrogatories. Eunsung objects to this Interrogatory to the extent it calls for a legal conclusion. Eunsung furthers object to this Interrogatory to the extent that it seeks information or documents protected by the attorney-client privilege, work product doctrine or immunity, joint defense privilege, common interest doctrine and/or similar privilege, including information or documents prepared in anticipation of litigation or for trial.

Subject to and without waiving the foregoing General and Specific Objections, Eunsung responds as follows:

Pursuant to FRCP 33(d), Eunsung will produce documents, to the extent responsive, non-privileged documents exist and can be found following a reasonable search, from which the answer to this Interrogatory may be derived or ascertained.

Investigation and discovery are ongoing in this case. These responses are based upon information currently available to Eunsung and are made without prejudice to Eunsung's right to

use or rely on subsequently discovered information. Eunsung specifically reserves the right to supplement, amend, modify, and/or correct these responses during discovery.

INTERROGATORY NO. 9:

Identify each product which You contend is an acceptable non-infringing alternative for:

- (a) the HydraFacial Syndeo® hydrodermabrasion system;
- (b) the hydrodermabrasion handpiece for use with the HydraFacial Syndeo®; and
- (c) the hydrodermabrasion tips for use with the HydraFacial Syndeo®.

RESPONSE TO INTERROGATORY NO. 9:

Eunsung restates and incorporates its General Objections as if fully set forth herein. Eunsung objects to this Interrogatory to the extent it seeks information not kept in the ordinary course of Eunsung's business. Eunsung objects to this Interrogatory as seeking information that is not relevant to any claim or defense of any party, and is not reasonably calculated to lead to the discovery of admissible evidence. Eunsung objects to this Interrogatory as calling for a legal conclusion. Eunsung objects to this Interrogatory as calling for premature expert testimony in advance of the deadlines set in the Scheduling Order. Eunsung objects to this Interrogatory as vague and ambiguous to the extent it seeks information regarding "non-infringing alternative[s]" for products. Eunsung is not aware of any law regarding infringement of a product, or non-infringement of a product. Eunsung objects to this Interrogatory as compound and comprising multiple subparts that seek information about discrete subjects, and therefore constitutes multiple Interrogatories. Eunsung objects to this Interrogatory to the extent it calls for a legal conclusion. Eunsung furthers object to this Interrogatory to the extent that it seeks information or documents protected by the attorney-client privilege, work product doctrine or immunity, joint defense privilege, common interest doctrine and/or similar privilege, including information or documents prepared in anticipation of litigation or for trial.

Subject to and without waiving the foregoing General and Specific Objections, Eunsung responds as follows:

Eunsung will respond to this Interrogatory pursuant to the Procedural Schedule in this case.

These responses are based upon information currently available to Eunsung and are made without prejudice to Eunsung's right to use or rely on subsequently discovered information. Eunsung specifically reserves the right to supplement, amend, modify, and/or correct these responses during discovery.
